I am an Australian trained Neurosurgeon and Spine Surgeon. I grew up in country NSW. My educational path saw me complete my science degree in New Zealand, my medical degree in Brisbane and PhD in Sydney. My neurosurgical training was undertaken throughout NSW hospitals, with appointments at RPA, Westmead Adults and Children's, John Hunter and Royal North Shore Hospitals. I was awarded my fellowship in Neurosurgery by the Royal Australasian College of Surgeons in 2011. I then undertook further specialist training; completing an AO Fellowship in Spinal Disorders in Toronto, Canada.

I manage all neurosurgical conditions, which include cranial, spinal and peripheral nerve pathologies in both the adult and paediatric populations. This includes such conditions as brain and spinal tumours, aneurysms, hydrocephalus, carpal tunnel syndrome and all spine conditions of any complexity including minimal access surgery.

I have been appointed as a VMO Consultant Neurosurgeon at John Hunter Hospital, John Hunter Children's, Calvary Mater, Lingard Private, Lake Macquarie Private and Newcastle Private Hospitals. I am the Director of Neurosurgery at Newcastle Private Hospital, a Director and Treasurer of the Neurosurgical Society of Australasia, a board member of the SET Board for Neurosurgery for the Royal College of Surgeons and Fellowships Director for AO Spine Australia and New Zealand.

I have a keen interest in research, with multiple publications in international journals. I was appointed Conjoint Associate Professor of the University of Newcastle in 2020. I regularly give presentations and training to other Surgeons both nationally and internationally.
