

Prince of Wales

PRIVATE HOSPITAL
by Healthscope

Specialist Directory 2026

Prince of Wales Private Hospital is a leading high-level tertiary healthcare facility that specialises in acute surgical and maternity services. The Hospital is independently recognised by the Australian Commission on Safety and Quality in Healthcare for clinical safety and service excellence, and is renowned for achieving outstanding patient outcomes.

Prince of Wales Private Hospital is the referring hospital of choice for GPs because it offers a fully-comprehensive service, including the following:

- A choice of leading specialist doctors.
- A complete range of tertiary level, multidisciplinary clinical specialty services as support for patients with comorbidities (eg bleeding disorders, high BMI, cardiac history, renal disorders, sleep apnoea, obstructive pulmonary disease, diabetes).
- High-performing nursing and allied health teams to support our specialists.
- A tertiary Level 6 (highest level) Intensive Care Unit; the only private hospital in NSW to offer this level of acute care.
- High dependency services and facilities, including a Cardiac Care Unit and Special Care Nursery.
- 24/7 medical cover in the Intensive Care Unit and wards.
- Highly-trained emergency response teams available 24/7, covering Advanced Life Support (ALS) and Cardiac Advanced Life Support.
- Strong partnership networks across the Randwick Hospital Campus thanks to its co-location with Prince of Wales Public Hospital, Sydney Children's Hospital and the Royal Hospital for Women.
- State-of-the-art surgical facilities, including robot-assisted and hybrid operating theatres.
- Excellent patient experience and clinical outcomes with nationally-benchmarked results for Hospital Acquired Complications in relation to infections, falls, medication errors, pressure injuries, blood transfusions, unplanned return to theatres, unplanned admissions to ICU, and unplanned readmissions.
